Ergerite™ Furniture

ERGERITE™

Ergerite – Flexi Stool

A versatile and active learning seating option for the classroom. Helps to promote children's engagement due to the ability to gently move and rock on the stool. The stool is excellent for the general classroom as well as children with special needs due its active movement. Encourages mobility and core strength when seated. Supports an active learning environment where physical movement is used to support focus, memory and cognitive development. It is compact and lightweight, and features a non-slip, rounded base. Measures 33(W) x 33(D). Available in 3 heights.*Seat height.

Features a curved base for active learning

Adjustable standing desk

Ergerite – Standing Desk

A flexible and ergonomic addition to any school classroom. This table features side levers which allow the table to adjust in height from 73cm up to 103(H)cm. The table features a moulded edge for extra durability, an easy to clean wood-look melamine top and 2 castors for extra manoeuvrability. We recommend 2 people are needed when adjusting the height of the table.

HS158 120 x 60 – 73-103cm high **$469.95**

Ergerite Tables

These lightweight and robust tables are perfect for the library, primary school or high school classrooms. The table tops are made from a fire retardant particleboard, and are coated with a high quality, grey laminate. The high quality, moulded edge adds extra durability and strength. The legs feature a rubber base to help prevent scratching and can be adjusted to stabilise the table. The tables are available in 2 sizes. Early childhood and early primary school will require the tables adjustable from 38 to 60cm high. Upper primary and high schools will require the tables adjustable from 52 to 74cm high

Natural Spaces – Heavy Duty Low Adult Chair

Care of children requires educators to work at floor level, often sitting on a conventional adult chair which is too high, or sitting on a child's chair which is too small and not stable enough. OHS ergonomic assessments have identified the need for a low chair which is designed for adult use.
To solve this problem we have designed a chair which accommodates educator comfort while working at lower heights. This chair is the result of tests that use the innovative ViSafe movement sensing technology. These tests have resulted in a chair which is specifically designed to provide adult educators a comfortable and stable seat while working at low levels.

DM4564 35cm **$129.95**

mta SPACES

Recycled Floor Mats

These outdoor mats are made from recycled plastic, so are a sustainable and environmentally friendly choice. Each mat is double sided and UV stable, so will not fade with outdoor use. To clean, simply hose off with water. We recommend to use the non-slip mats below if using on hard flooring.

Non-Slip Floor Mats

These non-slip floor mats are designed to go underneath the Recycled Floor Mats when used on hard flooring.
