## FREQUENTLY ASKED QUESTIONS

#### How do I place my order?

Orders can be placed via our online ordering system, phone call or email. Please contact your Sales Rep for any queries.

#### What is the minimum order value?

We have a minimum order value of \$300 (\$500 Western Australia) ex GST. Orders below this amount will incur a \$20 ex GST small order handling fee.

#### Will I pay freight?

F.I.S. Adelaide, Brisbane, Canberra, Melbourne, Sydney, Perth. Other areas are subject to a Freight Recovery Fee of \$25.00 ex GST.

#### Can I place a combined order with EV and CSSC combined products?

No, you cannot combine EV and CSSC orders into one. They need to be placed separately with each company. Each order will also need to make Minimum Order Value requirements to avoid small order handling fees.

#### Where can I check pricing?

Our catalogue is now unpriced, and you can request our price list anytime. Our price list includes all products sold by ed.vantage. We have created this in an excel form for the convenience of all customers. Please note that all prices are subject to change without notification.

#### What is your returns policy?

Claims for goods lost or damaged must be lodged in writing within 7 days of the receipt of goods. If your claim is past 7 days, the credit will not be processed. Goods will not be credited unless prior approval from management.

#### What are the trading terms?

Trading terms strictly 30 days EOM unless previously arranged - Credit card payments 1.5% surcharge applies.

#### Will I be charged GST?

GST will be charged at current rates and shown on the supplied Tax invoice.

#### When will I receive my item?

Delivery to Melbourne 4 – 5 business days Adelaide and Sydney 5 – 6 business days Brisbane 7 – 8 business days Canberra 5 – 6 business days

For international deliveries, please contact our Export Customer Service Assistant Catrina Key via email at export@educationalvantage.com

#### What countries do you export to?

We currently export to New Zealand, USA, Canada, England, Ireland, Singapore, Papua New Guinea, Germany, Dubai, Japan, Hong Kong, South Korea – However, all requests shall be reviewed.

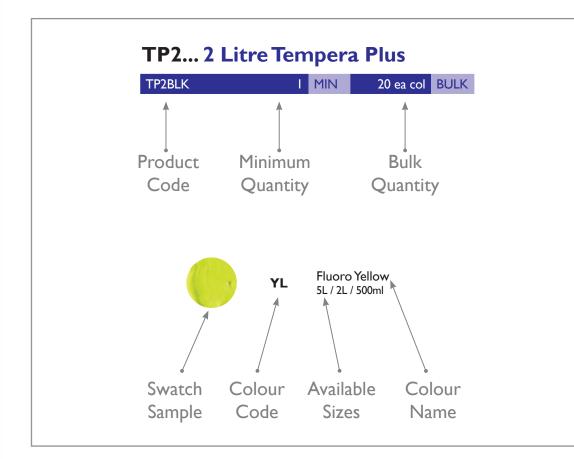

#### I am not based in Australia, how do I order?

Please contact our Export Customer Service Assistant Catrina Key via email export@educationalvantage.com

### Table / Key: How to use

We endeavour to include as many product codes as possible in each edition. In some cases, particularly where colours are involved, it means code extension will be quoted elsewhere. For example Tempera Plus 2 litre bottle in black would be code **TP2BLK**.

#### **TERMS & CONDITIONS**

#### DELIVERY

F.I.S. to Metro areas of Adelaide, Brisbane, Canberra, Melbourne, Sydney and Perth (other areas are subject to a 'Freight Recovery Fee' of \$25.00 + GST per order).

#### TRADING

Please ensure your order is in excess of \$300 ex GST thus avoiding our \$20 + GST small order handling fee.

#### PAYMENT

You will be placed on a 30 day trading account, subject to approval of your reference checks, then all accounts are to be paid strictly within 30 days EOM. If paying by credit card, a 1.5% surcharge will apply.

#### DAMAGES

Claims for goods lost or damaged in transit must be lodged in writing within seven days of receipt of goods. Goods are not returnable for credit, unless by prior arrangement with Management on confirmation of an RA number.

#### • GST

will be charged at current rates where applicable and will be shown on the Tax Invoice issued.

#### RETENTION OF TITLE

Title of any products sold by Educational Colours Pty Ltd shall not pass to the purchaser until such goods have been paid in full and that payment has been received. The costs involved in returned goods, due to cancellation or delivery issues, will be the responsibility of the purchaser. Until payment is received, title and rights to re-possess the goods shall rest with Educational Colours Pty Ltd. Educational Colours Pty Ltd has the right to register the goods as provided under the Personal Property Securities Act 2009. Any debt recovery costs will be borne by the customer.

Product Range Products may be discontinued without notice.

#### MY FIRST COLOURING BOOK RANGE

#### MY FIRST COLOURING BOOK RANGE

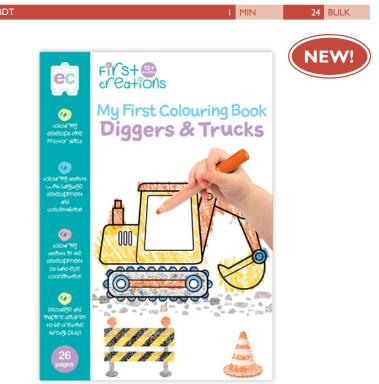

Colouring helps children develop a range of important skills including fine motor development, concentration, colour recognition, hand and eyecoordination, and creativity – all while building a sense of pride and achievement.

We believe every child is an artist and the desire to play, create and simply have fun starts in their formative years.

- Each colouring book includes 26 pictures and a certificate.
- Colouring develops fine motor skills.
- Colouring assists with language development and concentration.
- Colouring assists in the development of hand and eye coordination.
- Encourage and inspire children to be creative through play!

## The wonderful world of WASHABLE WATERCOLOURS

Don't be fooled by their size. Just a little watercolour goes a long, long way!

Educational Colours Washable Watercolours can be dripped, sprayed, brushed, splattered, sponged and diluted further for large area lay down... the possible applications are endless!

From laying down quick washes of colour to conducting science experiments, Educational Colours Washable Watercolours can be used in many ways.

Experiment with the techniques below for your next project!

#### **PVA & Salt**

Create lines or shapes by squeezing PVA onto your pa-per. Sprinkle salt over your PVA painting & allow to dry. Shake off excess salt. With pipettes, drop Educational Colours Washable Watercolours onto the salted glue areas & watch the watercolours make their way through the lines. Once dry, decorate.

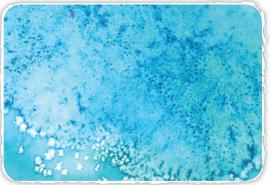

#### Spray over object

Collect flat objects like flowers or leaves. Lay them onto your paper. Connect a spray nozzle onto your Educa-tional Colours Washable Watercolour bottle and spray one or more colours over your object. Leave to dry and draw around the outline in black marker.

Glitter Blow Monsters

With pipettes, drop Educational Colours Glitter Washable Watercolours onto your paper. With a straw blow the paint in different directions to create your monster. Stick on funny adhesive eyes & mouths.

#### Salt

Lay down a wash of 2 or more Educational Colours Washable Watercolours, while still wet sprinkle salt over the colours. Allow to dry & wipe off excess salt. This technique is great for creating a base to decorate... add cut outs of sea life creatures or snowflakes.

Oil Pastel and/or Wax Crayon resistance Using white oil pastel or wax crayon, draw the outlines of a picture onto your paper. Drop or brush Educational Colours Washable Watercolours between your outlines. The oil pastels repel the watercolour and leaves a white outline on your painting.

#### Tape Resist

Cut strips of removable sticky tape & stick onto your paper to create a scene. Paint over the scene with watercolours. Allow to dry & remove tape. Draw in details with a black marker to complete the scene

#### **Oil and Water**

As we know oil & water do not mix. With pipettes, squeeze drops of oil onto your page, then drops of Educational Colours Washable Watercolours over the top. Watch the watercolour spread over the areas where there is no oil. Create beautiful unexpected designs.

#### Show transparency

Educational Colours Washable Watercolours are transparent. For best results lay down a light colour first. Allow to dry then add a darker colour over the top of the first colour. Notice how the first colour shows through the second colour, and so on.

#### Milk Marbling

In a shallow tray pour a thin layer of milk. Using pipettes drop Educational Colours Glitter Washable Watercolours onto the milk layer, then add a few drops of dishwash liquid & create swirling patterns with a Q-tip. Place paper over the mix, then remove & lay flat, painted side up to dry. educational colours

#### Australian Non-Toxic Made

# TEMPERA POWDER PAINT

## **TEMPERA POWDER PAINT**

Tempera Powder Paint is extremely versatile, it can be mixed with water or liquids - such as Glue, and added to other materials including Modelling Clay, Plaster, Dough etc.

Tempera Powder Paint is easy to mix. You can mix as little or as much as you need when you need it. There are no ratio rules for mixing the powder into a liquid. For the purpose of childrens' Arts and Crafts use, mix it with water or Glue and use a ratio of I to I. If the resulting texture doesn't fit your needs, you can always add more powder or more water.

As a time saver - pre-mix paint and store in refillable tubes or other sealable containers.

Made from soft plastic and contoured to fit little hands (both left and right handed), these are a staple in every classroom.

# OIL PASTEL TECHNIQUES **& CLASSROOM SET**

#### **Oil Pastel Techniques**

There are many techniques you can use when drawing and colouring with Educational Colours Jumbo Oil Pastels, combine these techniques with colour mixing, tinting or shading to add amazing effects to your artwork.

**Blending:** By colouring a light colour over a dark colour you will begin a blend. Continue to overlap the colours until you achieve your desired effect.

Scratching: Paint paper with a wash of watercolours. Allow to dry, then colour over the painting with oil pastels. Using the end of a brush handle scrape a drawing to

reveal the colourful background.

Smudging: Smudging is achieved by working two or more colours together, smudging with your fingers creating a smooth seamless blend.

**Embossing:** 

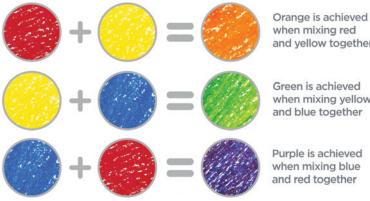

Using the end of a brush handle indent a drawing into your paper. Colour over the indents with oil pastels to achieve an embossing effect.

12 BULK

#### Colour mixing:

The beauty of Educational Colours Oil Pastels are their ability to create new colours by mixing two or more colours together.

when mixing red and yellow together

Green is achieved when mixing yellow and blue together

Purple is achieved when mixing blue and red together

### **AUSTRALIAN MADE DOUGH**

Safety, reliability and trust are words synonymous with Educational Colours Paints. With a full time chemist testing each and every batch, to exacting standards, we are proud of our Made in Australia Dough! We believe our Dough is softer, smoother and safer than others in the market.

We again ensure full traceability of raw materials and keep samples on record for 2 years. We've had a lot of fun creating this range and bringing our manufacturing skills to a new product with the same discipline.

You'll notice a light familiar smell with the product that will probably remind you of school! Our unique formula ensures no discolouration on your hands no matter how often or thoroughly you roll the reds and purples! educational colours

# **AIR DRYING CLAY**

#### **AIR DRYING CLAY**

Educational Colours Air Drying Clay is ready to use. This modelling material can be used to create various objects such as jewellery, ornaments and figurines. No baking is required, object will set hard when left to dry in open air. Drying time varies according to thickness and climatic conditions. The use of wet hands or wet brush whilst shaping will assist in creating smooth texture. Objects can be painted and varnished once dry. Ensure unused Educational Colours Air Drying Clay is resealed airtight in the package to retain malleable consistency. Available in 7 colours in 500g and 1kg.

**ADCW... Air Drying Clay White** 

Did you know? "Our clay is made softer than others so it's easier to work & shape!"

# **CREAM OF TARTA** & MOD-WRAP

#### **COTI Cream of Tartar** *lkg*

6 BULK

Cream of Tartar is ideal for making your own Fun Dough!

I MIN

#### **Fun Dough Recipe**

• I cup of flour

COTI

- 2 tsp. Cream of Tartar
- 2 tbsp. vegetable oil
- I drop of Educational Colours Fun Dye
- I/2 cup of salt
- 1/2 to 1 cup of water depending on consistency required.

Mix dry ingredients thoroughly. Add Educational Colours Fun Dye to the water and stir into dry ingredients.

Stir over medium heat several minutes until mixture forms a ball. The fun dough will keep for up to four weeks.

Recipe makes between 500 to 600g of dough.

#### **Mod-Wrap**®

A versatile craft product that can be 'bandaged' around most forms. A fine gauze material that is in a roll form; impregnated with quick drying plaster for creating casts or moulding shapes. Non-toxic, quick and fun.

The unique sand-like texture can be stretched, squeezed, pinched, pulled apart, moulded and seamlessly re-joined whilst maintaining an even resistance. Bright colours make it appealing for children to create fun artwork. Playing with Cotton Sand is a sensory experience and helps children develop hand-eye coordination and fine motor skills, making this a great activity for the classroom and home. Large, re-usable tubs for easy storage and available in 5 colours!

12 each colour BULK

#### **CS... Sensory Cotton Sand**

#### SENSORY MAGIC SAND

Educational Colours Sensory Magic Sand is perfect for creating crisp and precise designs and models! Children can use their imagination and play for hours using just their hands and/or sand tools. The Sensory Magic Sand can easily be moulded into castles, creations and models, then just as easily turned back into sand instantly allowing children to re-use it over and over again! Playing with Magic Sand is a sensory experience and helps children develop hand-eye coordination and fine motor skills, making this a great activity for the classroom and home. Large, re-usable tubs for easy storage.

# **BEADS AND BUTTONS**

# **Benefits of Beading**

educational colours

- Develops fine motor skills: Smaller beads encourage children to use their pincer grasp, thus strengthening the small muscles of their hands.
- 2 Eye-Hand coordination: Threading beads onto a string involves bilateral coordination of the child's hands, and requires their eyes and hands to work together.
- 3 Visual Perceptual Skills: Remembering or choosing a bead pattern whilst selecting the bead that fits their mental image of the desired bead.
- 4 Cognitive Skills: What style of necklace or bracelet to make? What pattern to choose? Answering these questions develops problem-solving skills.
- Develops early maths skills: children 5 develop their planning and math skills by deciding what pattern they will create. How many beads will they need? How many beads of each colour, shape and size? How long will the string be?

Australian made Craft Dye is simple and easy-to-use for a variety of projects such as hand painting, dye-bathing, stencilling, screen printing and resist techniques. Strongly pigmented colours can be watered down to create the desired colour. The range consists of 7 colours, packaged in 500ml environmentally friendly PET bottle.

# **BP... Block Printing Inks**

Australian made Block Printing Ink has the perfect consistency for lino, mono or wood block printing. It has excellent tack for consistent coverage and transfers easily onto paper. Educational Colours Block Printing Ink dries by a combination of absorption in the paper and moisture evaporation. All Inks are non-toxic, water-based and wash off easily with water. Educational Colours Block Printing Inks give a professional finish and the consistency will give artists a sharp and accurate print. Jars are 250ml and available in 9 colours.

Set includes 2 white

# Since 1979 Educational Colours has been, and continues to be, Australia's number 1 Art and Craft manufacturer and wholesaler.

We also believe that every child is an artist and the desire to play, create and simply have fun starts in their formative years. Before now, there has never been a specialist range designed and tested for children under 3.

### Why this range is perfect for our youngest children...

Each product is tested to the highest industry standards, for both Australia/New Zealand and Europe. Moreover, each product is individually approved for little ones with a complete toxicology report. All products for children under 3, in our range, are tested to these exacting standards.

### First Creations and Young Minds!

As you know, children might not always be able to verbalise their feelings. By using First Creations, and in the right environment, they might be able to colour, shape, paint, model and mould their feelings. In fact, research shows toddlers need to explore and express themselves through free form creative play. Creative play lets them try out different ideas and ways of expressing themselves, rather than engaging in prescriptive, defined-outcome tasks. Never forget, the activity is the most important thing, not the final result.

### First Creations and Parents.

First Creations<sup>™</sup> is made for children to enjoy and for parents, teachers and guardians to possibly love just as much! The products store easily (for a quick and easy clean up) and First Creations products are safe for children and most environments such as walls, floors, clothing, and tables!

# Ed.Vantage tests to the highest industry standards

Educational Vantage is committed to ensuring that all of our products meet and exceed, where possible, the Australian and New Zealand Toy Safety Standards. Typically, this includes Part I and III (choking and heavy metals) along with specialist sections like Part VII for finger paints.

With the introduction of First Creations, a specialist range for 12 months to 3 years old, we go above and beyond when it comes to the testing requirements. The First Creations range has been tested to the toy standard – a higher benchmark than that typically required for stationery items like dough, crayons and pastels. In addition, our First Creations range have had a toxicological risk assessment along with microbial testing for products that are water based liquids.

The safety of children has always and will always be our first priority. We believe this is the most thoroughly tested range, for 12 to 36 months, on the market.

### C046 Numbers I To 20 / Addition & Subtraction I0 To 20

A great visual tool for use in the school or home. This chart shows names of animals/birds and how numbers are represented in numeral and word form. Reverse side shows addition and subtraction to 20.

# C097 Times Tables Green / Factors & Multiples

This best selling chart is ideal for children learning the times tables effectively! Bright and colourful, this chart has excellent clarity. Reverse side shows factors, multiples and square numbers.

48 BULK

### C296 Numbers | To 100 / Addition & Subtraction Strategies

C296

I MIN 48 BULK

A fascinating tool for young inquisitive minds as they learn to count to 100. Reverse side shows addition and subtraction strategies.

### C229 Times Tables Blue / Multiplication

48 BULK

This best selling chart is ideal for children learning the times tables effectively! Bright and colourful, this chart has excellent clarity. Reverse side shows multiplication strategies.

EWA

24 BULK

#### **EWTT Educational Workbook - Times Tables**

This Educational workbook is an ideal introduction to times tables and provides plenty of opportunity to practise basic multiplication facts from 1 to 12.

# Welcome to the Resilience Range...

Recognising, understanding and acknowledging "feelings" is an important life skill. Feelings like butterflies in your stomach, the anxiety of going to big school, or joining a sporting team for the first time can be challenging! Knowing how you feel helps children to empathise, communicate and connect. These simple-to-read books help parents, educators and guardians begin important life discussions. At Learning Can Be Fun, we call this the Resilience Range! Young children build emotional development through:

- Examples and Stories: characters show children what feelings and emotions are.
- Understanding: the stories simply show how and why they happen.
- Recognising: the stories prompt children to reflect on their own feelings and those of others.
- Developing: the stories look at coping mechanisms and effective ways of managing them.

Often children struggle to find the right words to communicate how they feel. The Resilience Range of books builds the necessary vocabulary and education to manage life's little moments.

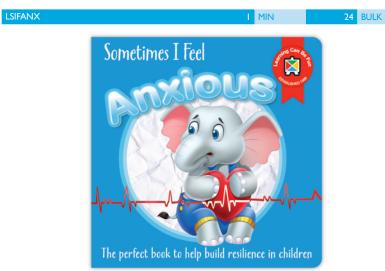

The Resilience Range will help children start their journeys as empathetic classroom, community and family members.

### **RESILIENCE BOOK RANGE**

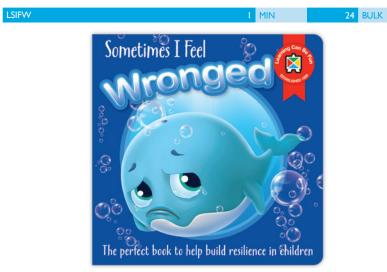

#### LSIFANX Sometimes | Feel Anxious Book

#### LSIFA Sometimes I Feel Angry Book

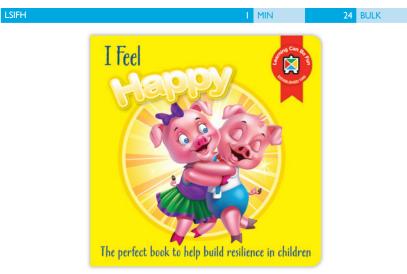

#### LSIFW Sometimes I Feel Wronged Book

#### LSIFSAD Sometimes | Feel Sad Book

#### LSIFH I Feel Happy Book

#### LSIFK | Feel Kind Book

Explore great ways to introduce children to the basics with the Let's Learn range! With six bright and familiar books, the series helps children learn and identify essential new concepts on topics ranging from animals to numbers – creating vital stepping stones in their early-learning journeys. Each book includes realistic and engaging illustrations that are designed to familiarise children with essential words and characters, providing necessary context while also making learning fun. The series also encourages discussion by prompting children to ask questions like...

What sound does a cow make? (Let's Learn Animals). What do you wear on your feet? (Let's Learn First Words). And consider interesting facts like... Red is the most popular colour used on flags in the world (Let's Learn Colours)

# **FELT LEARNING BOARDS**

Calendar

#### LFLBC Felt Learning Board Calendar

I MIN

This interactive felt learning board has been designed to help children prepare for the day while teaching them the calendar, seasons and weather. Your child will begin each day by using the pieces to update the chart with today's information - a perfect hands-on teaching device. Encourage discussion as you update each part of the calendar, such as "What activities can we do in today's weather?" Felt learning boards are a lightweight, clean interactive tool which can be used over and over again... learning can be fun!

This interactive felt story board promotes story telling and communication skills. Children will use their imaginations to create endless stories by sticking the felt pieces onto the felt board. This type of play increases children's imaginations, helps develop self-expression and communication skills, and provides hands-on learning. Felt story boards are a lightweight, clean interactive tool which can be used over and over again... learning can be fun!

### **PRACTISE MATS**

Children will love to practise their literacy and numeracy skills with these engaging and colourful Practise Mats. Importantly, Learning Can Be Fun Practise Mats are the only product on the market tailored to the Australian curriculum.

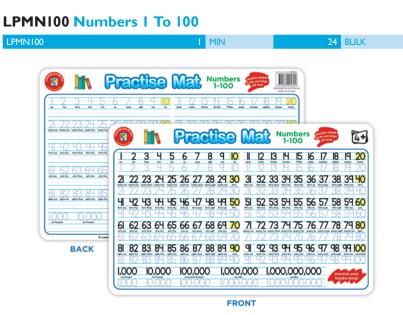

Unique to this product, the mat can be used with a dry erase pen allowing it to be wiped clean for use again and again.

Size: 44.5 cm x 28.5cm each. Suitable for children 3+.

Both the Maths (Addition/Multiplication) and Maps (Australia/ World) Practise Mats provide a self-correcting format by showing the answers on the back, allowing children to check their work.

#### LMOAP Map Of Australia Poster

| LMOAP | I MIN | 48 BULK |
|-------|-------|---------|

The Map of Australia by Learning Can Be Fun and Australia Geographic is a complete, easy to read map of Australia. The map shows all state borders, capital cities, major towns and airports. Surrounding seas, oceans, reefs, lakes and major rivers are also shown - noting the various shades of blue to reference the depth of water. Each state flag is shown down the right-hand side of the map and the Australian flag at the bottom left hand side of the map. The reverse side allows you to test your knowledge of Australia by placing the landmark to their geographical position. This chart is laminated, featuring a 'wipe-clean' surface which can be used with a non-permanent marker.

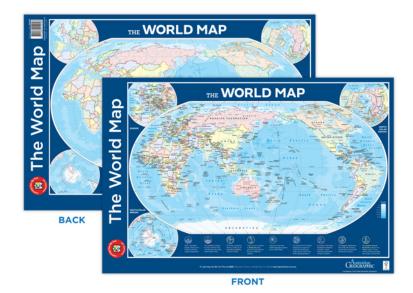

FRONT

#### LMOTWP Map Of The World Poster

| LMOTWP | I MIN | 48 BULK |
|--------|-------|---------|

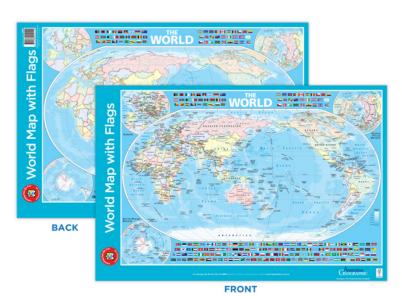

The World Map by Learning Can Be Fun and Australia Geographic is in an extra large size and puts Australia right in the centre so you can understand our geographical position at a glance. The map includes detailed spot maps of Europe, the Arctic Circle and Antarctica, plus time zones and ocean depths. Perfect for classrooms, kids' bedrooms or simply to inspire any traveller. The reverse side allows you to test your knowledge by placing the country at their geographical position. This chart is laminated, featuring a 'wipe-clean' surface which can be used with a nonpermanent marker.

#### LWMFP World Map With Flags Poster

| LWMFP | MIN | 48 | BULK |

#### LSB Beginners Snap

| LSB I | MIN | 10 | BULK |
|-------|-----|----|------|
|       |     |    |      |

Snap For Beginners contains 160 laminated cards, divided and coded into two sets. Ideal for the development of pre-reading skills, the cards are perfect as a sorting and matching activity for children. Small groups can have lots of fun playing Snap, Fish or Concentration games that will enhance their social, language, memory, concentration, visual recall and discrimination abilities. 32 'trick' cards are included in each box to add an extra level of difficulty. Now the children need to be very careful not to 'snap' on the cards that are different in either size or colour!

#### LSRS Blending Consonants Snap

Blending Consonants Snap has two sets, each of 80 laminated cards for group or individual activity. Watch the fun as your children find the eight cards for each of these 20 common sound families, or busy themselves playing Snap, Fish or Concentration. Sound families are: bl, br, ch, cl, cr, dr, fl, fr, gl, gr, pl, sh, sk, sl, sn, sp, st, sw, tr, wh.

10 BUL

#### LCS Consonant Snap

LCS

IO BULK

10

Play Snap, Fish or Concentration or use as a matching activity.

Pack A 80 cards based on words beginning with the consonant sounds b, c, d, f, g, h, j, k, l, m, n, p, q, r, s, t, v, w, y, z.

Pack B 80 cards based on words ENDING with the consonant sounds b, d, k, m, t, f, g, l, n, p, s, x.

#### LHSS Double Sounds Snap

LHS

Double Sounds Snap will provide plenty of fun for the children as they find the eight cards for each of the 20 'Sound Families' or busy themselves playing Snap, Fish or Concentration. Sound families – ai, ar, au, aw, a-e, ea, ee, er, ey, ir, i-e, oa, oo (as in hook), oo, (as in moose), or, ou, ow, (as in cow), ow, (as in bow), o-e, ur.

#### LRS Rhyming Snap

Listening and rhyming skills can be improved as the children play Snap, Memory or Fish. Also ideal for a quiet matching activity.

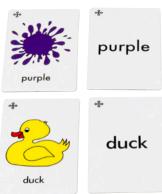

#### LSWS Basic Sight Word Snap

LSWS

The clear illustrations will provide valuable picture clues for children who are learning to recognise common sight words. Use with small groups as a fun, fast SNAP game or as a sorting and matching activity for individual students.

10 BUL

Contains 160 laminated cards and detailed instructions. Supplied in a sturdy storage box. 20cm x 16cm x 4cm.

#### LSSS Simple Sentence Snap

LSSS

I0 BULK

Simple Sentence Snap is designed to help children improve their comprehension and word recognition skills as they try to be the first player to SNAP whenever a sentence card and a picture card match. This game can also be used as an individual activity with the child matching the 40 simple sentences to the correct pictures.

I MIN 24 BULK

Often used in probability games, this single set of plastic coated Playing Cards come in a plastic container, ensuring the cards last longer.

# **NUMERACY RESOURCES**

#### LMT Magic Triangles - Addition & Subtraction

I MIN 8 BULK

So simple in design... so easy to use...they must be magic! The simple format allows young children to work without adult supervision while they learn, memorise and self check the addition and subtraction facts for numbers 1-10.

Use a whiteboard marker to complete the revision exercise on the back of each laminated card.

Contains 35 cards measuring 13.5cm x 13.5cm.

#### Addition

The sum of the two bottom numbers equals the number at the top of the triangle. 7 + 3 = 103 + 7 = 10

#### **Subtraction**

Start with the number at the top. Choose a number at the bottom to subtract. Cover the selected number. The answer will be the remaining bottom number. 10 - 7 = 3 10 - 3 = 7

#### LMM Magic Triangles - Multiplication & Division

LMM I MIN 8 BULK

The Magic Triangles - Multiplication & Division cards can be used effectively by the teacher as a teaching aid or by individual students to learn and revise the multiplication and corresponding division facts from 1-times to 12-times. The simple design allows individual students to work independently as they learn and memorise the multiplication and division facts, and complete the revision exercise on the back of each card, using a whiteboard marker on the write-on /wipe-off surface.

Contains 77 sturdy, laminated cards measuring 13.5cm x 13.5cm.

#### **Multiplication**

Multiply the two bottom numbers. The answer (product) is at the top.  $1 \times 2 = 22 \times 1 = 2$ .

#### Division

Start with the number at the top. Divide it by a number at the bottom. Cover the selected number. The answer will be the remaining bottom number. 2/1 = 22/2 = 1.

#### LSL Snakes & Ladders Floor Game

I MIN 8 BULK

Snakes and Ladders is regarded as a worldwide classic game!

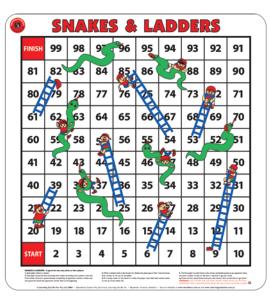

Roll the dice and make your way up the mat, if you land on a ladder you will move ahead but watch out for those slippery snakes that will take you back down the mat!

This time honoured game is presented in a practical format for the busy classroom and home. This giant mat is hand printed on our popular cloth-backed vinyl which is easily wiped clean and will ensure many years of enjoyment. Instructions are printed on the mat for permanent reference.

Measuring 680mm x 720mm.

#### LBOCT Beat The Octopus (Colour & Shape) Bingo!

Beat the Octopus (colour and shape recognition) is played in a similar manner to traditional Bingo. The players will be so intent on completing their boards before the picture of the octopus is put together that they will barely notice they are practising the recognition of both colours and shapes.

# LBD Beat The Dragon (Addition & Subtraction) Bingo!

Beat the Dragon is played in a similar manner to traditional bingo, with the children taking turns to select one card from the deck. Any selected card with a number combination that can be correctly matched to an answer on the player's board can be placed on that number. If, however, a Dragon card is turned over, it must be placed in the correct position on the Dragon's mat. Beat the Dragon comes complete with 4 wipe-clean mats measuring 25cm x 33.5cm, and 81 laminated cards. A laminated number line 0 - 10 is also included to allow children to check their answers without adult supervision.

#### LBK Beat The Kangaroo (Australian Money \$) Bingo!

LBł

LBTU

IO BULK

10

Beat the Kangaroo (Australian Money \$) is played in a similar manner to traditional bingo. Beat the Kangaroo will provide a delightful way for children to both learn and become confident when interacting with money. Contains 4 durable, wipe-clean mats measuring 25cm x 33.5cm and 80 sturdy playing cards in a sturdy storage box.

Instructions translated in 8 languages: German, Korean, Spanish, Italian, Chinese, Japanese, Arabic and French.

#### LBTU Beat The Turtle (Tell The Time) Bingo!

Beat the Turtle (Time Bingo) is played in a similar manner to traditional bingo. Beat the Turtle will provide a delightful way for children to learn and recognise digital, analogue and clock times. Contains 4 durable, wipeclean mats measuring 25cm x 33.5cm and 80 sturdy playing cards in a sturdy storage box.

Instructions translated in 8 languages: German, Korean, Spanish, Italian, Chinese, Japanese, Arabic and French.

#### LBCROC Beat The Crocodile (Multiplication) Bingo!

LBCR

LBPE

I MIN IO BUL

Beat the Crocodile (Multiplication Bingo) is played in a similar manner to traditional Bingo. If a player selects a card where the multiplication fact matches to an answer on the player's board then that card can be placed on that answer. If, however, a Crocodile card is turned over, it must be placed in the correct position on the Crocodile board!

Beat the Crocodile comes complete with 4 wipe-clean boards measuring  $25 \text{cm} \times 33.5 \text{cm}$  and 80 laminated cards in a sturdy storage box.

#### LBPEN Beat The Penguin (Place Value) Bingo!

I MIN

Beat the Penguin (Place Value Bingo) is played in a similar manner to traditional Bingo. If a player selects a card where the place value matches to an answer on the player's board then that card can be placed on that answer. If, however, a Penguin card is turned over, it must be placed in the correct position on the Penguin board. If the Penguin board fills up first, then the Penguin has won the game!

10

Beat the Penguin comes complete with 4 wipe-clean boards measuring  $25 \text{cm} \times 33.5 \text{cm}$  and 80 laminated cards in a sturdy storage box.

#### LBFL Beat The Flamingos (Equivalence) Bingo!

LBFI

LBH

IO BUL

Beat The Flamingos (Equivalence Bingo) is played in a similar manner to traditional bingo. Beat The Flamingos will provide a delightful way for children to link fractions, decimals and percentages, and associate them with a pictorial reference.

Beat the Flamingos comes complete with 4 durable, wipe-clean mats measuring 25cm x 33.5cm and 80 sturdy playing cards in a sturdy storage box.

#### LBH Beat The Hippo (Fractions) Bingo!

Beat the Hippo (Fractions) is played in a similar manner to traditional bingo. If a player picks up a card that matches a fraction on their board, it may be placed in the correct position. Be careful! Each time a piece of Hippo is turned over, it must be put on the Hippo's board. Beat the Hippo will provide a delightful way for children to learn and practise the use of fractions.

Contains 4 durable, wipe-clean boards measuring 25 cm x 33.5 cm and 80 sturdy playing cards in a sturdy storage box.

Beat the Hippo (Fractions) is played in a similar manner to traditional bingo. There will be lots of fun and active learning as the team of three children selects one card at a time from the top of the deck. If a player picks up a card that matches a fraction on their board, it may be placed in the correct position. Be careful! Each time a piece of Hippo is turned over it must be put on the Hippo's board. If the Hippo's board fills up first, then the Hippo has won the game! Beat the Hippo will provide a delightful way for children to learn and practise the use of fractions.

Contains 4 durable, wipe-clean boards measuring 25cm x 33.5cm and 80 sturdy playing cards in a sturdy storage box.

Instructions translated in 8 languages: German, Korean, Spanish, Italian, Chinese, Japanese, Arabic and French.

wrapped.

#### 2I347 2D/3D Geometric Solids

#### 21347 I MIN 4 BULK

Advanced Geometic Solids Set of 12 folding 2D 3D geosolids. Ideal for exploring the properties of 3D solids, relationships between 2D shapes and 3D solids, volume and capacity, and surface area. Set includes 12 solids made of durable plastic with rounded corners and edges and 12 corresponding folding nets in 5 colours made from soft plastic. The solids have an 8cm base. Activity guide included.

# 21366C GenStix Maths Activity 21366C I

A set of 8 different length flexible sticks that snap together at multiple points allowing students to investigate planar geometry.

#### 21320 5cm Geometric Volume Set

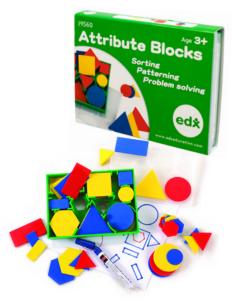

213201MIN4BULKSet of 17 solids with lids including cube,<br/>cylinder, triangular prism, rectangular prism,

cylinder, triangular prism, rectangular prism, pentagonal prism, hexagonal prism, square pyramid, cone, triangular pyramid, rectangular pyramid, pentagonal pyramid, hexagonal pyramid, sphere and hemisphere. Made of durable plastic with rounded corners and edges, each shape measures 5cm base.

# 19560 Attribute Blocks

A wonderful manipulative to aid in classification. Ideal for reasoning, problem solving, patterning and more. 2 sizes, 2 thicknesses, 3 colours and 5 shapes. Set includes 60 pieces.

# LGB236 Geoboard Large Set of 6

These colourful isometric 23cm square Geoboards are double-sided with an  $II \times II$  pin grid array on one side and an  $II \times II$  triangular pin grid on the other. Each set includes 6 colours and a pack of 120 elastic bands shrink

#### LJB Junior Balance

4 BULK

LJB 1 MIN 6 BULK Edx Education Junior Balance helps to teach about balancing concepts. It comes with 2 clear buckets to carry weights or counters so you can add counters or other items onto each side and watch the sides rise or lower, depending on which is heavier. Includes 2 lids which can be used as a platform for counters and more.
