- 1 Draw your Rainbow Serpent design onto the strong box board cardboard.
- 2 Using scissors, carefully cut out your serpent (younger age groups will need adult support/supervision with their scissors on thick box board).
- 3 Decorate your snake by pressing Magiclay around the box board and wrapping lengths of coloured ribbon and yarn, securely tying knots as you go (a dab of glue or Magiclay along the way will help to keep everything in place if needed).
- 4 Bring your Rainbow Serpent to life with eyes and facial details and glitter for extra rainbow sparkle.
- 5 Done! Your Rainbow Serpent is ready for Dreamtime storytelling.

TOP TIP

Make individual Rainbow Serpents, or the class together can make one giant Rainbow Serpent for an epic classroom display.
