Service & Ordering

Bringing your vision to life

Do you have a vision for a new learning space? Let's inspire you and get your mind flowing with possibilities. Then we will help you create that fresh new learning space!

An MTA Discovery Session will focus you on things like theme, colour scheme, how many children or whether you need multiple zones. Is there a philosophy to consider? We help you look through all those lenses to bring your learning space to life. Whatever your learning space needs, find some inspiration in these pages or scan the QR code to book a Discovery Session and find out more about MTA's full-service offering.

You can also email projects@teaching.com.au to get your Discovery Session initiated!

Consultation

Discovery session

Your Consultant will lead you through a set of questions to help consolidate your vision, aligning with your teaching style or philosophy. If you don't have the answers, we can provide advice and options. Together, we will get a clear idea of how your room, service or school will look.

CAD designs

3D modelling

We can provide 3D modelling of your space. If you need a Learning Environment Model, our inhouse CAD designers can show you how your service or school will look in three-dimensional imagery.

Customised quote

Proposal & quote tailored to your needs

We provide a tailored proposal and quote. After review and continued consultation with you, any adjustments are finalised. Fabric and furniture swatches are provided if applicable. Once the quote is approved, we provide a date and time for delivery of goods.

Delivery & installation

Managed and supported delivery of all goods & resources

Our team delivers, unpacks and assembles your furniture and will remove all rubbish to ensure you are left with a fresh and ready to use space. The focus is always on ensuring your project goes smoothly.

Aftersales support

Continuity of care with your MTA Consultant

Your MTA Consultant is a friendly, familiar face always available to help. Along with your MTA Consultant, receive the benefit of working with a knowledgeable product team with education experience & pedagogical expertise. Support is also available via our customer service team. You will feel protected knowing that you will enjoy a minimum 12-month warranty on all MTA items. MTA is your one-stop solution to fill your learning space: from tech, products & furniture to educational resources.

T&Cs/Caveats:

Items are made to order. Conditions apply surrounding minimum order quantities and minimum order values. These conditions will be discussed and confirmed to you by MTA prior to order confirmation.

Manufacturing and delivery times are dependent on item design, quantity ordered and location of service. MTA will advise lead time to delivery on application of ordering. Lead times may vary.

Some orders will require a deposit. Orders requiring a deposit will not be considered confirmed, nor will manufacturing commence until required deposit is received by MTA.

Bespoke & Personalised Learning Environments

Bring your plans to life

MTA offers bespoke and personalised solutions to make your furniture and furnishings uniquely yours.

MTA can provide tailored solutions for tables, chairs, storage, lockers & shelving, play furniture, children's and adult furniture, ottomans, carpets & rugs.

To find out more about MTA's bespoke and personalised service, talk to your MTA Consultant about arranging a consult and quote for your service.
