Nature inspired utilising a birch ply and melamine finish. This complete offering of furniture equipment is designed to create a stimulating learning environment. All the furniture is designed to be modular to allow all the Natural Spaces range to fit neatly with one another. All Natural Spaces furniture features a low maintenance wipe-clean surface. Compatible with the Aurora range.

The Harmony range of furniture features a classic and timeless design. Each piece is made from solid beech timber, which creates a warm and homely atmosphere in any environment. The Harmony series is a high quality and solid choice for the classroom. Many pieces are made from environmentally friendly FSC timber.

## THRIFTY

A cost effective and durable range for the classroom. Includes height adjustable tables, stackable chairs and storage options. Features an easy to clean, white melamine surface.

## ERGERITE

A cost effective and durable range which is suitable from early childhood through to high school. Includes a variety of storage, tables and seating options to suit a wide range of age groups. Tables feature an easy to clean melamine surface.

The Aurora furniture range provides a colourful option for the classroom. This range of furniture combines durable and easy to clean melamine with natural timber. This range of furniture is available across the 3 bright colours of green, blue and orange. The range includes height adjustable tables, wooden chairs and functional shelving units. Compatible with the Natural Spaces range.

## stockholm!

The Stockholm range of furniture is perfectly suited to any classroom environment. The Stockholm range features a variety of different furniture pieces which are beautiful, practical and durable. Made from birch plywood, this range will create a warm atmosphere in the classroom. Many pieces are made from environmentally friendly FSC timber.

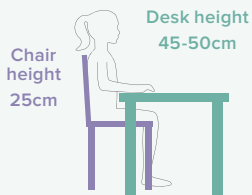

A quality, economical range for the classroom. Features an easy to clean, timber-look melamine and dark blue powder coated metal. Includes height adjustable table, stackable chairs and storage options.

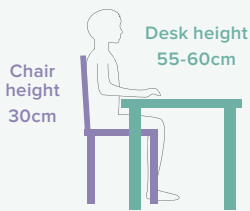

This range from MTA is uniquely designed modular furniture for baby and toddler rooms. The stable sturdy SafeSpace furniture range features soft, safe and rounded edges, coupled with durable, non-toxic easy-to-clean surfaces. Create a safe and vibrant space for your baby and toddler rooms.

**Ergonomically tested and designed for adults**

**Heavy Duty Low Adult Chair – 35cm**  
DM4564 \$99.95

Care of children requires educators to work at floor level, often sitting on a conventional adult chair which is too high, or sitting on a child's chair which is too small and not stable enough. OHS ergonomic assessments have identified the need for a low chair which is designed for adult use.

To solve this problem we have designed a chair which accommodates educator comfort while working at lower heights. This chair is the result of tests that use the innovative ViSafe movement sensing technology. These tests have resulted in a chair which is specifically designed to provide adult educators a comfortable and stable seat while working at low levels.

Introducing the 2nd generation Ergonomic Compact Cot for child care centres. The SafetyNest Ergo II Cot primarily features raised mattress height, which allows educators to transport children at approximate hip height in and out of the cot. The ergonomic cot is based on a classic design with well-appointed features that combine the safety for young children with the ease-of-use for educators. The SafetyNest Ergo II Cot provides a reassuring rest place for babies and toddlers with an open-slat design providing air flow and wider cot width for sleep comfort. Cot mattress size required is 100 x 60cm. Cot measures 105(L) x 68.5(W) x 145(H)cm. Available in 2 colours, Natural and White.
