**Coloured Non-Slip Cones**

BRU065-1	Each – Random Colours	\$2.20
BRU065	Set of 36	\$59.95

These coloured non-slip cones are the perfect addition for any gymnasium. The cones come in a pack of multiple colours. Each of the cones comes with a special rubber ring around the base. The advantage of this ring is that the rubber provides traction on the wooden floorboards, so the cones won't slip excessively out of position easily should a player come into contact. The non-slip cones are also able to be used in a regular sports ground environment, but are very popular for their clear advantage for minimal slipping or skidding of the cone on wooden or concrete play surfaces. The cones can also be used for regular sports field and classroom activities.

## Foam Balls

Foam balls are easier to catch and are less harsh on incorrectly positioned fingers while children are learning basic fundamental catching skills. The design also has the advantage of not going flat like a ball that needs inflated, and there is a reduced risk of damage to school property. Our foam balls come in low, medium and high bounce versions to accommodate different activities. All the high bounce models are also coated, and have a special finish that makes a durable and soft outer skin around the circumference of the ball.

It is made of soft shock absorbent foam 3mm in thickness, but is thin enough so it does not create an overly spongy and unbalanced surface, which is important when conducting exercises. The mat comes in random colours. It can be used as a yoga mat or warm up mat. The yoga mat can also be used for a soft floor covering for children to sit on when doing classroom reading or social activities. The Yoga Mat measures 173 x 61cm. Colours may vary.

## Aussie Rules

From infants through to high school, Aussie rules continues to go from strength to strength as a leading winter sport with almost 200 years of history. Australian Rules football is played from primary school upwards, across both genders and at a variety of levels both amateur and professional. The AFL is the highest level of competition, and is played in all states, making it one of the only true national codes along with football (soccer). With 18 players per side, Aussie Rules is fantastic for involvement with many players, and different grades in school sport and club sport comfortably accommodate many different skill levels. The free flowing style of the sport on a large open field makes it a fantastic sport also for fitness.

## Soccer

Football, or soccer, is the most popular sport worldwide. Children of all ages love the game, and it is fantastic for the promotion of team work, active living and fitness. Traditionally a winter sport, summer competitions and smaller versions of the game, such as five-a-side soccer, are also becoming more prevalent. Indoor soccer has also continued to grow as a year round sport. Be sure to check the size charts to ensure your students are using the appropriate size ball for their age group.

## Union, League & Touch

Rugby union and rugby league are very popular games. While starting from similar origins, the rules for the two codes are different. Rugby union has 15 people on a team whereas rugby league has 13. The shape of the ball is also different between the two codes. Touch football and oztag are very fast paced games. They are popular as a pre-season or fun training activity for union and league, and are also liked because they do not have the physical contact aspect of union and league.

## Baseball, Softball & Tee Ball

These nine-a-side sports are great to get kids out of the classroom and onto the field. Tee ball uses a stand to hold the ball and the batter hits the ball from the stand. In softball, the ball is pitched underarm and a larger ball is used than in baseball. There are two versions which are called slow pitch and fast pitch softball. Fast pitch is the most popular, where the ball is thrown quickly and goes straight to the pitcher. In slow pitch softball, the ball has to go in an upward direction first, and then comes downwards before reaching the batter. Baseball uses a smaller size ball and the ball is pitched overarm. Hit a home run with MTA's fantastic range of equipment.

### Generic glove sizes guide

Right hand throw is for players who throw with their right hand and wear the glove on their left hand. Left hand throw is for players who throw with their left hand and wear the glove on their right hand.

Size	Approx. Age
9 to 10 inch	5 to 8 years
9.5 to 11 inch	8 to 10 years
11 to 12.5 inch	11 to 13 years
11.5 to 13 inch	14 to 16 years
32 to 34 inch	16+ years

### Suggested sizing guide for bats

Below is a range that highlights the most common size bats used by their age groups.

Size	Approx. Age

BRU065	Set of 36	\$59.95

These coloured non-slip cones are the perfect addition for any gymnasium. The cones come in a pack of multiple colours. Each of the cones comes with a special rubber ring around the base. The advantage of this ring is that the rubber provides traction on the wooden floorboards, so the cones won't slip excessively out of position easily should a player come into contact. The non-slip cones are also able to be used in a regular sports ground environment, but are very popular for their clear advantage for minimal slipping or skidding of the cone on wooden or concrete play surfaces. The cones can also be used for regular sports field and classroom activities.
