Listening First Jackbox & 4 Tiger Headphones

CN2810K	Complete kit	\$112.95
CN2810	Tiger Headphones – Each	\$24.95

The headphones and jackbox in this listening post are a favourite for children and teachers alike. The size and weight of the headphones are perfect for 3 to 8 year olds and the cute Tiger design helps engage younger learners. Hearing safety is ensured with slotted baffles that protect against perforation of the internal speakers and each headphone has individual volume control. Ambient noise-reducing ear cups also help children remain focused. The jackbox also features individual volume control for all 4 users. Perfect for story time and literacy groups in early childhood and primary schools. CN2810K includes 4 tiger headphones, one 4-user jackbox and leads to connect the jackbox to the audio source. **Connect to tablet, smartphone or CD player.** Jackbox includes small parts, not suitable for children under 3 years of age. High quality, wireless bluetooth headphones, sized for children 4+ and compatible with most bluetooth devices, with a 9m wireless range. The ear pads and headbands are covered with specially designed Soft Touch breathable mesh material for comfort. The Untangled Pro wireless bluetooth headphones have been developed, designed, and tested with children of all ages to ensure durability of the final product while maintaining style and comfort. Volume Limited: The max volume is 93db. 10 hour battery life with a 180 hour standby. A USB charging cable is included as well as a 1.2m, 3.5mm audio cable, so that even if they outlast the battery, they can still listen in the old fashioned way. The headphones feature 40mm drivers and a range of 20Hz to 20kHz. Every headphone also comes with a micro-fibre storage bag. Each headphone includes the SharePort feature so multiple users can connect to the same audio device, no need for a splitter! The Shareport feature allows one headphone to be connected wirelessly to the audio device and others to daisy-chain off the first headphone so all listeners are untethered from the device. LIGKIT1 includes 4 sets of wireless bluetooth headphones.

Cubetto - The Coding Robot

CUB001 Coding Robot \$349.95
 CUB001-5 Coding Robots - Set of 5 \$1,599.95

The Cubetto Playset makes coding accessible to children in preliterate years, introducing core programming concepts like debugging, the queue, and recursions, and encouraging computational thinking: the process of breaking down tasks into a logical sequence of steps to reach an objective. By taking coding away from the screen, and using a hands-on, block-based programming language, Cubetto develops these skills and logic in a way specifically tailored for early learning.

Cubetto is made up of 3 separate elements: a friendly wooden robot, a tangible interface board, and a 16 piece instructions blocks set that make up a programming language you can touch. The playset comes with a charmingly illustrated 1x1m world map and story book that make every play session with Cubetto a unique and memorable adventure. Children use the instruction blocks (forward, left, right and function) on the interface board to create a sequence. Cubetto and the Interface board communicate wirelessly, and Cubetto is powered by 6 AA batteries.
