Siqura Foaming Hand Sanitiser

SIQURA™ Antibacterial Hand Sanitiser is a simple and effective way to stop contact-based infection. It is alcohol-free and helps keep your skin soft and healthy. It is suitable for use by children, and can be used around food, pets and plants. Unlike traditional alcohol-based hand sanitisers that only provide short term protection, our unique QuatLok technology creates an invisible microscopic layer of protection on your skin which continually destroys bacteria for up to 24 hours (assumes typical daily activity). Available in 50ml & 375ml pump bottles.
