HACCP-Australian Food Safety Certification provides a recognised endorsement but it may be adjusted to your work place, as it is a guide only. However, it is the preferred colour-coding system for cleaning.

Prevent fingers getting trapped

**Finger Alert Door Safety Strips**

The Finger Alert prevents injuries caused by fingers being jammed between the door, resulting in a safer environment for children. It is easy to install on nearly all types of doors. It consists of 2 transparent plastic strips, each being 120cm(L). On both sides of the strip is a 1.2cm thick strong tape and a cutaway for nailing the strip if required. In a vertical position, the strip covers the gap between the door, preventing fingers or hands being jammed. Furthermore, the flexibility of the strips ensures their life span is extended.
