## Infinity Soft Fall Mats – 1m x 1m

These soft fall mats connect with each other to make a wonderful, engaging and safe soft fall play area. Kit consists of four 1m x 1m mats, which connect together, are made of ultra-absorbent foam material with durable and vibrant outer covers. These mats are tested and compliant with AUS/NZS 4422:1996 to a 1.7 metre fall height. For use in indoor and outdoor play areas. Available as single or multiple mat purchase options.

Standards approved soft fall mats

Mat can be used as single 1 x 1 metre mat, or connected together to make single colour or engaging 2 or 3 colour safe soft fall area of different sizes.

Super thick, super safe

# AUS/NZ 4422:1996 Tested and compliant

## Approved hook & loop joining system

### Soft Fall Mats

These soft fall mats are 5cm thick. They are made from foam and are covered in water repellent vinyl. They are available as 100cm square or 100 x 200cm rectangular shapes. Tested and compliant with AUS/NZ 4422:1996. Combination set of 2 of each mat sizes, making it a set of 4 mats. Tested and compliant to a 1.5m fall height. **WARNING:** Beware of any mats that state they are compliant, yet do not feature an approved joining system. Unless your mats can join to create a larger fully compliant surface area, your play area will fail compliance!

**Eucalyptus Natural Playset**

This set is made of a combination of natural coloured steel frames combined with durable hardwood. The combination of bridges, walk boards and trestles can be set up in a number of different configurations. The set consists of 3 trestles, 2 walk boards, ladder and 5 activity pieces. This can be set up and changed into a variety of configurations, and will need an area of approximately 8.7 x 6.5m to be set up including a safe fall space around the equipment. Key play components include: 1) Jungle Bridge, 2) Pirate Bridge and 3) Log Bridge.

**Eucalyptus Toddler Playset**

A playset designed to be used at under 50cm. Ideal for toddlers who are just beginning to explore their gross motor skills. Platform trestles provide easy access to each of the climbing frames. Being under 60cm means softfall is not required, however, we do recommend some degree of impact attenuating surface still be used. This can be set up and changed into a variety of configurations, and will need an area of approximately 4 x 3m to be set up including a safe fall space around the equipment. Key play components include: 1) Canvas Crosser, 2) Gap Walker and 3) Platform Trestle.

## Moveable Play Equipment

### Adventure Cubes

The adventure cubes are made of high-performance exterior grade plywood that also feature a safe design top non-slip panel. The different shapes on the sides of the cubes allow for different interactive play and climbing challenges, and the special cut inserts mean that other play pieces such as ladders and walk boards (sold separately) can be integrated with the play cubes. A fantastic addition to complement mobile playsets and trestles.
