Nature inspired utilising a birch ply and melamine finish. This complete offering of furniture equipment is designed to create a stimulating learning environment. All the furniture is designed to be modular to allow all the Natural Spaces range to fit neatly with one another. All Natural Spaces furniture features a low maintenance wipe-clean surface. Compatible with the Aurora and Norwegia ranges.

The Harmony range of furniture features a classic and timeless design. Each piece is made from solid beech timber, which creates a warm and homely atmosphere in any environment. The Harmony series is a high quality and solid choice for the classroom. Many pieces are made from environmentally friendly FSC timber.

The Aurora furniture range provides a colourful option for the classroom. This range of furniture combines durable and easy to clean melamine with natural timber. This range of furniture is available across the 3 bright colours of green, blue and orange. The range includes height adjustable tables, wooden chairs and functional shelving units. Compatible with the Natural Spaces and Norwegia ranges.

The Stockholm range of furniture is perfectly suited to any classroom environment. The Stockholm range features a variety of different furniture pieces which are beautiful, practical and durable. Made from birch plywood, this range will create a warm atmosphere in the classroom. Many pieces are made from environmentally friendly FSC timber.

A quality, economical range for the classroom. Features an easy to clean, timber-look melamine and dark blue powder coated metal. Includes height adjustable table, stackable chairs and storage options.

This range from MTA is uniquely designed modular furniture for baby and toddler rooms. The stable sturdy SafeSpace furniture range features rounded edges, coupled with durable, non-toxic easy-to-clean surfaces. Create a safe and vibrant space for your baby and toddler rooms.

THRIFTY

A cost effective and durable range for the classroom. Includes height adjustable tables, stackable chairs and storage options. Features an easy to clean, white melamine surface.

ERGERITE

A cost effective and durable range which is suitable from early childhood through to high school. Includes a variety of storage, tables and seating options to suit a wide range of age groups. Tables feature an easy to clean melamine surface.

A modern and contemporary range. It can be mixed and matched with the Natural Spaces and Aurora ranges. The tables connect together with an innovative divider to create flexible learning spaces. Suitable for both early childhood and also early primary schools.

Natural Spaces™

Natural Spaces features a birch ply and melamine finish. This complete offering of furniture equipment is designed to create a stimulating learning environment. All the furniture is designed to be modular to allow all the Natural Spaces range to fit neatly with one another. All Natural Spaces furniture features a low maintenance wipe-clean surface. Most tables suitable from early childhood and primary schools.

Natural Spaces Chairs

These sturdy chairs feature a curved birch ply seat and back and sturdy metal legs and frame. The legs each have plastic feet to help reduce noise and minimise floor scratches. Chairs are stackable. Available in various heights. *Seat height

Natural Spaces – Heavy Duty Low Adult Chair

Care of children requires educators to work at floor level, often sitting on a conventional adult chair which is too high, or sitting on a child's chair which is too small and not stable enough. OHS ergonomic assessments have identified the need for a low chair which is designed for adult use.

To solve this problem we have designed a chair which accommodates educator comfort while working at lower heights. This chair is the result of tests that use the innovative ViSafe movement sensing technology. These tests have resulted in a chair which is specifically designed to provide adult educators a comfortable and stable seat while working at low levels.

-------	--------------	---------

Ergerite Tables

These lightweight and robust tables are perfect for the library, primary school or high school classrooms. The table tops are made from a fire retardant particleboard, and are coated with a high quality, grey laminate. The high quality, moulded edge adds extra durability and strength. The legs feature a rubber base to help prevent scratching and can be adjusted to stabilise the table. The tables are available in 2 sizes. Early childhood and early primary school will require the tables adjustable from 38 to 60cm high. Upper primary and high schools will require the tables adjustable from 52 to 74cm high
