## Natural Spaces™ Furniture

Natural Spaces features a birch ply and melamine finish. This complete offering of furniture equipment is designed to create a stimulating learning environment. All the furniture is designed to be modular to allow all the Natural Spaces range to fit neatly with one another. All Natural Spaces furniture features a low maintenance wipe-clean surface. Most tables suitable from early childhood and primary schools.

### Natural Spaces Chairs

These sturdy chairs feature a curved birch ply seat and back and sturdy metal legs and frame. The legs each have plastic feet to help reduce noise and minimise floor scratches. Chairs are stackable. Available in various heights. \*Seat height

Wide, stable legs

Reinforced seat with 35mm steel tubing

Weight tested up to 170kg

### Natural Spaces – Heavy Duty Low Adult Chair

Care of children requires educators to work at floor level, often sitting on a conventional adult chair which is too high, or sitting on a child's chair which is too small and not stable enough. OHS ergonomic assessments have identified the need for a low chair which is designed for adult use. To solve this problem we have designed a chair which accommodates educator comfort while working at lower heights. This chair is the result of tests that use the innovative ViSafe movement sensing technology. These tests have resulted in a chair which is specifically designed to provide adult educators a comfortable and stable seat while working at low levels.
