

Modern Teaching Aids - Nyby Galvanised Bucket 5 Litre

[Tools / Equipment / Machinery](#) [Toys / Novelties](#)

The Hazard!

The connections of the handle to the bucket are not closed in an arc back to the main handle, resulting in protruding ends.

The protruding ends could pose an injury to users.

What to do...

Stop using the bucket and remove it from children's play areas.

Contact Modern Teaching Aids to receive instructions to repair the bucket, or to organise a replacement bucket.
