

Safety Data Sheet Oil Pastels

Revision: Number

Date 27 January 2017

SECTION 1 Product & Supplier Identification

Product Name Oil Pastels & Jumbo Oil Pastels

Other Names None

Product Code OPJ... & OPS...

Barcode Number

Recommended UseColoured oil pastels for drawing and colouring.

Restrictions on Use None known

Company Educational Colours Pty Ltd

ABN 61 005 708 967

Address 2/43 Burgess Road, Bayswater, VIC, Australia 3153

Telephone +61 3 9729 0788

Supplier Code

Emergency Phone Number Australia – 13 11 26 (Poisons Information Centre),

New Zealand 0800 764 766

SECTION 2 Hazards Identification

Classification of the hazardous chemical

Physical hazards Not classified

Health hazards Skin irritation Category 2

Eye irritation Category 2

Environmental hazards Not classified

Label elements, including precautionary statements

Hazard symbols

<u>(!</u>)

Exclamation mark

Signal word Warning

Hazard Statements H315 Causes skin irritation.

H319 Causes serious eye damage.

Precautionary statements

Prevention P264 Wash hands thoroughly after handling.

P280 Wear protective gloves and eye protection.

Response P302+P352 IF ON SKIN: Wash with plenty of soap and water.

P332+P313 If skin irritation occurs: Get medical advice / attention.
P362 Take off contaminated clothing and wash before reuse.
P305+P351+P338 If IN EYES: Rinse cautiously with water for several minutes.

Remove contact lenses, if present and easy to do. Continue

rinsing.

P337+P313 If eye irritation persists: Get medical advice / attention.

Storage Store in well ventilated place. Keep container tightly closed.

Disposal Dispose of contents and container in accordance with local regulations.

SECTION 3 Ingredient Composition / Information

Chemical Entity CAS No. Proportion (to 100%)

Stearone 504-53-0 <20.0 % Non-hazardous components to 100 %

SECTION 4 First Aid Measures

Description of necessary first aid measures

Eye Serious eye irritant. Rinse eye with luke warm water for several minutes. Seek medical

attention.

Skin Wash off with soap and water. If any symptoms arise seek medical attention. **Inhalation** Move to a well ventilated area. Seek medical attention if symptoms arise.

Swallowed Rinse mouth with water. Give water to drink. Seek medical attention if symptoms arise.

Personal protection for first aid responders

Ensure that medical personnel are aware of the material(s) involved and take precautions

to protect themselves.

Symptoms caused by exposure

Direct contact with skin may cause irritation. Direct contact with eye may cause irritation.

Medical attention and special treatment

Provide general supportive measures and treat symptomatically. Keep under observation as symptoms may be delayed. Seek medical attention if symptoms persist.

as symptoms may be delayed. Seek medical attention it symptoms persist.

SECTION 5 Fire Fighting Measures

Extinguishing equipment

Suitable Water, fog, foam, dry chemical powder, carbon dioxide. When choosing extinguishing

equipment be aware of any potential hazard(s), example electrical.

Unsuitable Anything that could spread the fire and or risk the safety of surrounding personnel.

Specific hazards arising from the chemical

This product will support combustion and gases hazardous to health maybe formed.

Specific protective equipment and precautions for fire fighters

Self-contained breathing apparatus (SCBA) and full protective clothing (PPE) must be worn

in case of fire.

Hazchem Code Not available.

General fire hazards No unusual fire or explosion hazards known.

SECTION 6 Accidental Release Measures

Personal precautions, protective equipment and emergency procedures

For non-emergency personnel

Keep unnecessary personnel away from spill. Wear appropriate protective equipment and clothing during clean up. Contain spill to prevent contamination to drains / water ways. Local authorities should be contacted if spill cannot be contained. Collect and seal in clearly and properly labelled containers for disposal in accordance with local regulations. Heed advice under Section 8 "Personal Protection".

For emergency responders

Keep unnecessary people away. Heed advice under Section 8 "Personal Protection".

Environmental precautions

Avoid discharge to drains, water ways or onto the ground.

Methods and materials for containment and clean up

Large spills - Stop flow of material, if safe to do so. Contain spill where possible. Collect and seal in clearly and properly labelled containers for disposal in accordance with local regulations.

Small spills – Wipe / clean up e.g. brush and shovel. Never return spills to original container for re-use.

SECTION 7

Handling & Storage

Precautions for safe handling

Wear appropriate personal protective equipment. Observe good industrial hygiene practices.

Conditions for safe storage, including any incompatibilities

Store in a cool, sheltered location away from direct sunlight and sources of heat. Keep containers tightly closed at all times when not in use. Store in clearly labelled containers.

SECTION 8

Exposure Controls / Personal Protection

Occupational exposure limits (OEL's)

No OEL's noted for this product.

Biological limit values

No biological exposure values noted for this product.

Appropriate engineering controls

Use in a well ventilated area. If required use local exhaust ventilation.

Individual protection measures, for example personal protective equipment (PPE)

Eye protection

Wear safety goggles.

Skin protection

Wear impervious gloves.

Hygiene measures Use and maintain good industrial hygiene. Always wash hands after use. Routinely wash and maintain safety equipment and clothing. Do not eat, smoke or drink when handling this product.

SECTION 9 Physical & Chemical Properties

Appearance Multi coloured pastels in stick form Odour Typical of oil pastels Not available **Odour threshold**

Not available Ha Melt point / freeze point Not available **Boiling** point Not available Flash point Not available

Flammability If exposed to flame product will melt and burn.

Vapour Pressure Not available **Vapour Density** Not available **Relative density** Not available Solubility in water Insoluble **Specific Gravity** Not available

SECTION 10 Stability & Reactivity

Reactivity This product is considered to be non-reactive under normal conditions of use, storage and

transport.

Chemical stability This product is considered to be stable under normal conditions of use, storage and

transport.

Possibility of hazardous reactions

No hazardous reaction known under normal use.

Conditions to avoid No specific data available for this product.

Incompatible materials

No specific data available

Hazardous decomposition

If engulfed in fire product may give rise to the release of obnoxious fumes including oxides

of carbon.

SECTION 11

Toxicological Information

Information on possible routes of exposure

Inhalation No adverse effects expected due to inhalation.Skin contact Minor irritation may be expected in some individuals.Eve contact Minor irritation may be expected in some individuals.

Ingestion Expected to be low ingestion hazard.

Symptoms related to exposure

Skin contact - symptoms may include redness, heat and itching.

Acute No specific data available.

Skin corrosion / irritation

Prolonged skin contact may cause minor irritation in some individuals.

Serious eye damage / irritation

May cause minor irritation in some individuals.

Respiratory or skin sensitisation

Skin contact may cause skin sensitisation in some individuals.

Carcinogenicity No data available.

Reproductive toxicity

This product is not expected to cause reproductive or developmental effects.

Additional Information

This product does NOT contain,

Egg, dairy, soy, seafood, shellfish, wheat or peanut products, by-products or derivatives.

SECTION 12 Ecological Information

Ecotoxicity

No specific data is available for this product. However, do not release this product or any water contaminated with this product into drains, soils or waterways. Sufficient measures should be taken to retain the water used in extinguishing any fires involving this product. Dispose of contaminant in accordance with local landfill or incineration regulations.

Persistence and degradability

No specific data available.

Bio accumulative potential

No specific data available.

Mobility in soil No specific data available.

SECTION 13 Disposal Considerations

Disposal methods Dispose of this product and any water contaminated with this product in accordance with

local regulations.

Contaminated packaging

The container in which the product is/was contained should also be disposed of in

accordance with local regulations.

SECTION 14 Transport Information

ADG Not regulated as dangerous goods.

IMDG Not regulated as dangerous goods.

Special Precautions No special precautions or requirements for transport

SECTION 15 Regulatory Information

Safety, health and environmental regulations

This Safety Data Sheet was prepared in accordance with Safe Work Australia's Code of

Practice for the Preparation of Safety Data Sheets for Hazardous Chemicals.

Standard for the Uniform Scheduling of Medicines and Poisons (SUSMP)

Not allocated.

AICS All components are listed in the Australian Inventory of Chemical Substances.

SECTION 16 Other Information

Reason for Revision: Review and update information in accordance with GHS requirements.

Whilst every care has been taken in compiling these instructions, Educational Colours Pty Ltd, its employees, contractors and agents neither warrant nor represent that the material published herein is accurate or free from errors or omissions. To the extent permissible by law, Educational Colours Pty Ltd, its employees, contractors and agents shall not be liable or responsible for any errors, omissions or misrepresentations made herein.
