

SAFETY DATA SHEET

Product name : Polymer clay

1.Product Identification

Manufacturer/importer: Modern Teaching Aids Pty Ltd
 Address : Level 1, 122-126 Old Pittwater Road, Brookvale, NSW, Australia 2100
 ABN: 98 000 628 786

Phone number : Telephone: 1800 251 497

Intended Use : Model material that is great for kids, sculptors, model makers and artists.

Emergency telephone number
 Emergency telephone number Australia: Poisons information Centre, Call 13 11 26 (Available 24 hours everyday)

2.Composition/Information on ingredients

Component	CAS Number	CLP Regulation (EC) No 1272/2008
Polyvinyl Chloride	9002-86-2	This substance is not classified as hazardous according to CLP Regulation (EC) No 1272/2008 on classification, labelling and packaging (CLP) of substances and mixtures
Sulfonic acids, C10-21-alkane, Ph esters	91082-17-6	
Pigment	Optional	

REACH Compliant Colorants

Pigment white 6 (CI number 77891) : cas number 13463-67-7
 Pigment Black 6 : cas number 1333-86-4
 Pigment Orange 16 : cas number 6505-28-8
 Pigment yellow 62 : cas number 12286-66-7
 Pigment Green 7 : cas number 1328-53-6
 Pigment Red 170 : cas number 2786-76-7
 Pigment Blue 15 :0 : cas number 147-14-8
 Pigment Violet 23 (CI number 51319) : cas number 6358-30-1

3.Hazards Identification

- This product is not classified as hazardous according to CLP Regulation (EC) No. 1272/2008 on classification, labelling and packaging (CLP) of substances and mixtures.
- Not classified as hazardous for users.

4.First-Aid Measures

Eye contact : Flush with cold water, If irritation persists , seek medical attention.
Ingestion : No first aid is normally required; However, if swallowed and symptoms develop , seek medical attention.
Skin Contact : Wash with soap and warm water.
Inhalation : Not regarded as a potential route of exposure.

5.Fire Fighting Measures

- Not flammable. In case of fire, use extinguishing media appropriate to surrounding conditions
Special Fire Fighting Procedures : Use air-supplied rescue equipment for enclosed areas.
Cool exposed container with water

6.Accidental Release Measures

Personal precautions : Avoid inhalation & direct contact with eyes.
Cleaning up methods : Sweep up and remove to an approved disposal container. Observe state, federal & local disposal regulations.

7.Handling & Storage

Suitable material : stainless steel, polypropylene, polyethylene, paper.
Precautions in handling : Observe good personal hygiene, and do not eat, drink or smoke whilst handling
Storage : Store unused material in a cool, dry place preferably in a sealed non-reactive container.

8.Exposure Controls/Personal Protection

Respiratory protection : Does not effect respiratory system.
Ventilation : Ensure good ventilation of working area.
Work/Hygiene practices : Wash hands with soap & water after handling.

9.Physical & Chemical Properties

Appearance : Pigmented solid mixtures
Vapor Density : Heavier than air.
Specific gravity : Depend on requirement of product.
Solubility in water (25 dC.) : immiscible with water.

10. Stability & Reactivity

Stability : stable
Hazardous Polymerization : will not occur.
Incompatibility : Avoid contact with strong oxidizing agents.
Conditions to avoid : Extreme heat.

11. Toxicological Information

Export and import of Dangerous Chemicals (Regulation (EC) No 689/2008 Information :
This substance is not listed in the Annex I of Regulation(EC) No.689/2008.

12. Ecological Information

Acute/Prolonged Toxicity to Fish : N/A

European Priority Lists and Risk Assessment (Council Regulation (EEC) No 793/93) Information:
This substance is not listed in a priority list (as foreseen under Council Regulation (EEC)
No 793/93 on the evaluation and control of the risks of existing substances).

13. Disposal Considerations

Steps to be taken in case material is released or spilled : Normal solids clean up.

Waste Disposal Method : In accordance with local, country, state, and federal
regulation.

14. Transport Regulations

Road (ADR/RID) : N/A

Air (IATA/ICAO) : N/A

Sea (IMDG) : N/A

15. Regulatory Information

- This product is not classified as hazardous according to CLP is Regulation (EC) No .
1272/2008 on classification, labelling and packaging (CLP) of substances and mixtures.

16. Other Information

SHELF LIFE

When stored within advised conditions, re-test after 6 months and a maximum shelf life
of 24 months.

The data provided in this Safety data sheet is meant to represent typical data/analysis for
this product and is correct to the best of our knowledge. The data was obtained from current
and reliable sources, but is supplied without warranty, expressed or implied, regarding its'
correctness or accuracy. It is the user's responsibility to determine safe conditions for the use of
this product, and to assume liability for loss, injury, damage or expense arising from improper
use of this product. The information provided does not constitute a contract to supply to any
specification, or for any given application, and buyers should seek to verify their requirements
and product use.
