Olympics 2012 Activity Sheets

27 July – 12 August

Olympic Torch

Materials

- AUS101 Tissue Paper – Pack of 480
- SH1219 Papier Mache Cones – Pack of 6
(Buy more cones for classpack)

How to make it...

- Step 1** Start with the papier mache cone and paint it silver or gold. Apply 2 coats for a strong colour.
- Step 2** Once dry turn upside down so the point is facing down.
- Step 3** Take 3 sheets of tissue paper; 1 red, 1 orange, 1 yellow. Lay all sheets flat on top of one another then pull each corner into the middle.
- Step 4** At the bottom the middle will go into a point, twist to hold together. This will create the flames.
- Step 5** Then add some glue to the edges inside the cone and insert “the flames”.
- Step 6** Your torch is ready to use.
