

SECTION 1 - Identification Of The Substance/Preparation And Of The Company/Undertaking .

1.1. identification of the substance or preparation:

Product name : Solid poster paint

Synonyms: Solid Poster stick、 Water-based wax crayon、 Solid color stick

CAS No.: ND

EC index No.: ND

NFPA code : ND

EINECS No.: ND

MOLECULAR ND

RTECS No. : ND

FORMULA : ND

1.2. Use of the substance or preparation:

Solid Poster Paint for drawing and painting

1.3. Distributor:

Modern Teaching Aids Pty Ltd
Level 1, 122-126 Old Pittwater Road, Brookvale, NSW,
Australia 2100
1800 251 497

1.4. Emergency Telephone:

Australia – 13 11 26 (Poisons Information Centre)

SECTION 2 - Hazards Identification .

2.1. not classified as hazardous according to the Regulation on classification, packing and labeling of hazardous preparations

SECTION 3 - Information On Ingredients .

3.1. Product description: mixture of organic compounds.

Ingredients	EC #	CAS #	REACH regist.#	C & L	Wt%
Titanium dioxide	236-675-5	13463-67-7	05-2115861372-47-0000	no classification	5%
Sodium stearate	212-490-5	822-16-2	no obligation to register	no classification	25%
Potassium stearate	209-786-1	593-29-3	no obligation to register	no classification	4%
water	231-791-2	7732-18-5	no obligation to register	no classification	38%
Glycerol	200-289-5	56-81-5	05-2115861324-48-0000	no classification	28%

Safety Data Sheet

MASTERIAL NAME: SOLID POSTER PAINT

MSDS ID :EU

SECTION 4 - First -Aid Measures .

4.1. In case of doubt or when symptoms of feeling unwell persist, get medical attention. Never administer anything orally to persons who are unconscious.

4.2. Inhalation.

Not applicable

4.3. Eye contact.

If wearing contact lenses, remove them. Wash eyes with plenty of clean and cool water for at least 10 minutes while pulling eyelids up, and seek medical assistance.

4.4. Skin contact.

Wash skin vigorously with water and soap or a suitable skin cleaner.

NEVER use solvents or thinners.

4.5. Ingestion.

If accidentally ingested, seek immediate medical attention. Keep calm.

NEVER induce vomiting.

SECTION 5 - Fire-Fighting Measures .

5.1. Non-flammable product.

In case of fire:

5.2. Recommended extinguishing methods.

Extinguisher powder or CO2. In case of more serious fires, also alcohol-resistant foam and water spray.

5.3. Special risks.

Fire can cause thick, black smoke. As a result of thermal decomposition, dangerous products can form: carbon monoxide, carbon dioxide. Exposure to combustion or decomposition products can be harmful to your health.

5.4. Fire protection equipment.

According to the size of the fire, it may be necessary to use protective suits against the heat, individual breathing equipment, gloves, protective goggles or facemasks, and gloves.

5.5. Other recommendations.

Use water to cool tanks, cisterns, or containers close to the heat source or fire. Take wind direction into account. Prevent the products used to fight the fire from going into drains, sewers, or waterways.

SECTION 6 - Accidental Release Measures

6.1. Individual precautions.

Eliminate possible ignition points and ventilate the area. For exposure control and individual protection measures, see section 8.

6.2. Cleaning methods.

The contaminated area should be immediately cleaned with an appropriate de-contaminator. For later elimination of waste, follow the recommendations under section 13.

Safety Data Sheet

MASTERIAL NAME: SOLID POSTER PAINT

MSDS ID :EU

6.3. Environmental protection precautions.

Prevent the contamination of drains, surface or subterranean waters, and the ground. In case of large spills or if the product contaminates lakes, rivers, or sewers, inform the responsible authorities according to local legislation.

SECTION 7 - Handling And Storage .

7.1. Handling.

Keep the container tightly closed and isolated from heat sources, sparks, and fire. Do not use tools that can cause sparks.

Prevent the preparation from contacting the skin or eyes.

Follow legislation on occupational health and safety.

Keep the product in containers made of a material identical to the original.

7.2. Storage.

Store according to local legislation. Observe indications on the label. Store the containers between 5 and 35° C, in a dry and well-ventilated place, far from sources of heat and direct solar light. Keep far away from ignition points. Keep away from oxidising agents and from highly acidic or alkaline materials. Once the containers are open, they must be carefully closed and placed vertically to prevent spills.

SECTION 8 - Exposure Control/PPE

8.1. Exposure limits.

Work exposure limit for:

Name	VLA-ED *		VLA-EC *	
	ppm	mg/m3	ppm	mg/m3
NO	NO	NO	NO	NO

* According to the list of Limit Environmental Professional Exposure Values adopted by the National Institute for Safety and Hygiene at Work for the year 2009.

8.2. Exposure controls

Measures of a technical nature: Not applicable

Breathing protection: Not applicable

Hand protection: for prolonged or repeated contact, use polyvinyl alcohol or nitrile rubber types of gloves. Protectivecreams can help to protect exposed areas of the skin. These creams must **NEVER** be applied once exposure has occurred.

Eye protection: Not applicable

Skin protection: All body parts that have been in contact with the preparation must be washed.

Safety Data Sheet

MASTERIAL NAME: SOLID POSTER PAINT

MSDS ID :EU

SECTION 9 - Physical / Chemical Properties

9.1. General information.

Appearance : Colored solid
Colour : Color
Odour : Characteristic Odour

9.2. Important health, safety and environmental information.

pH: 10.5 – 11.5
Boiling Point: ≥ 100 °C
Relative density: 0.90 – 1.10g/cm³

SECTION 10 - Stability & Reactivity

Stable under the recommended handling and storage conditions (see section 7).

In case of fire, dangerous decomposition products can be generated, such as carbon monoxide and dioxide and nitrogen fumes and oxides.

Keep away from oxidising agents and from highly alkaline or acidic materials in order to prevent exothermic reactions.

SECTION 11 - Toxicological Information .

There are no tested data available on the product.

Repeated or prolonged contact with the preparation can cause the elimination of oil from the skin, giving rise to non-allergic contact dermatitis and absorption of the preparation through the skin.

SECTION 12 - Ecological Information .

There are no tested data available on the preparation. The product must not be allowed to go into sewers or waterways.

SECTION 13 - Disposal Consideration

Dumping into sewers or waterways is prohibited. Waste and empty containers must be handled and eliminated according to current, local/national legislation.

SECTION 14 - Transport Information

Transportation is not dangerous. In case of road accident causing the product's spillage, proceed in accordance with point 6.No dangerous good in the sense of ADR/RID, ICAO/IATA, IMDG.

SECTION 15 - Regulatory Information

Safety Data Sheet

MASTERIAL NAME: SOLID POSTER PAINT

MSDS ID :EU

This product complies with the european regulation EN71/3

The preparation is not classified as hazardous according to the Regulation on classification, packing and labelling of hazardous preparations.

SECTION 16 - Other Information .

16.1. Sources used

The information given in this Safety Data Sheet has been drafted in accordance with REGULATION (EC) No 1907/2006 OF THE EUROPEAN PARLIAMENT AND OF THE COUNCIL of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), establishing a European Chemicals Agency, amending Directive 1999/45/EC and repealing Council Regulation (EEC) No 793/93 and Commission Regulation (EC) No 1488/94 as well as Council Directive 76/769/EEC and Commission Directives 91/155/EEC, 93/67/EEC, 93/105/EC and 2000/21/EC.

16.2. Disclaimer

The information in this Safety Data Sheet on the Preparation is based on current knowledge and on current EC and national laws, as far as the working conditions of the users is beyond our knowledge and control. The product must not be used for purposes other than those that are specified without first having written instructions on how to handle. It is always the responsibility of the user to take the appropriate measures in order to comply with the requirements established by current legislation. The information contained in this Safety Sheet only states a description of the safety requirements for the preparation, and it must not be considered as a guarantee of its properties
