

## Outfit Cubetto with an Adventure Backpack!

### Material

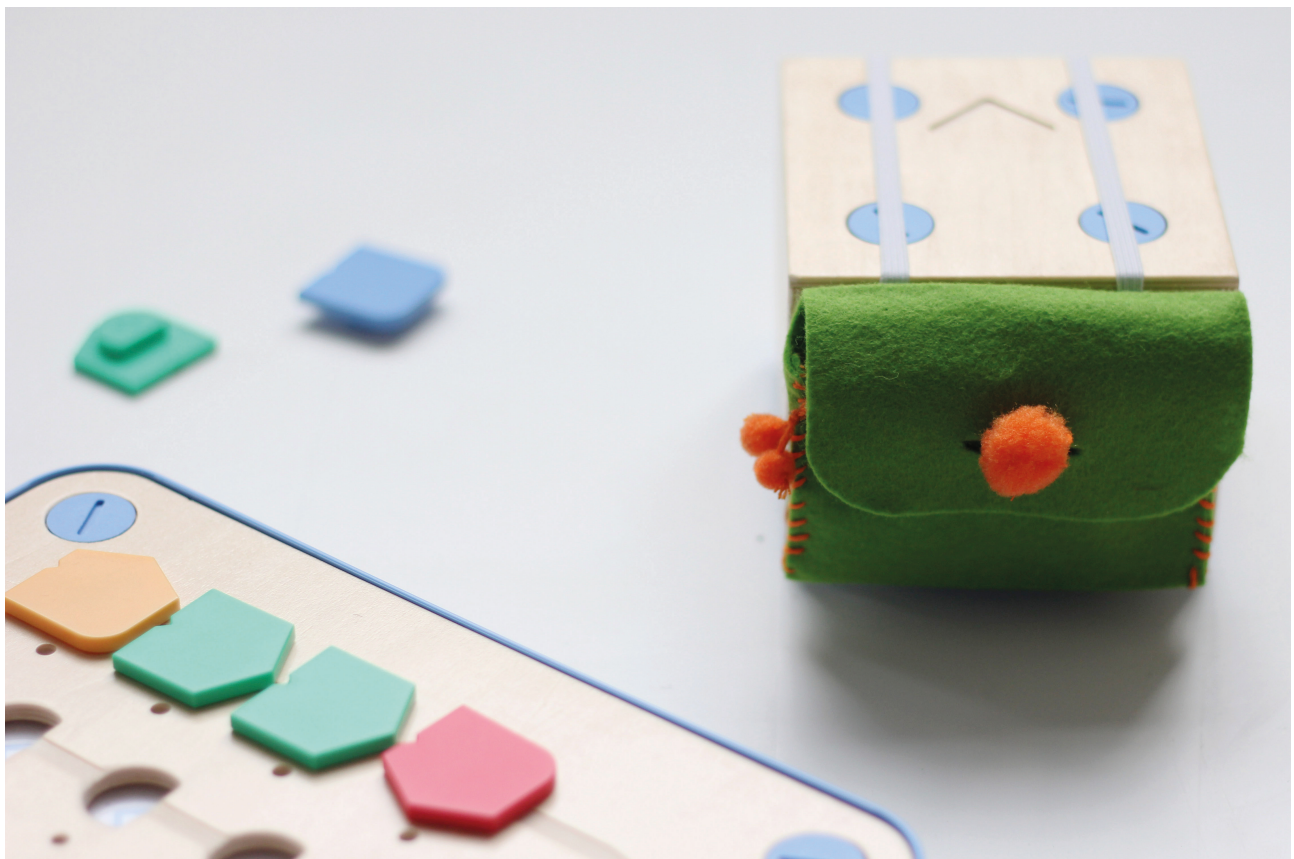

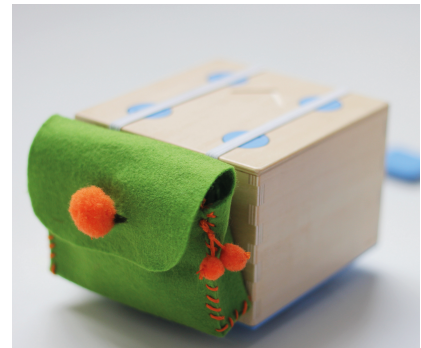

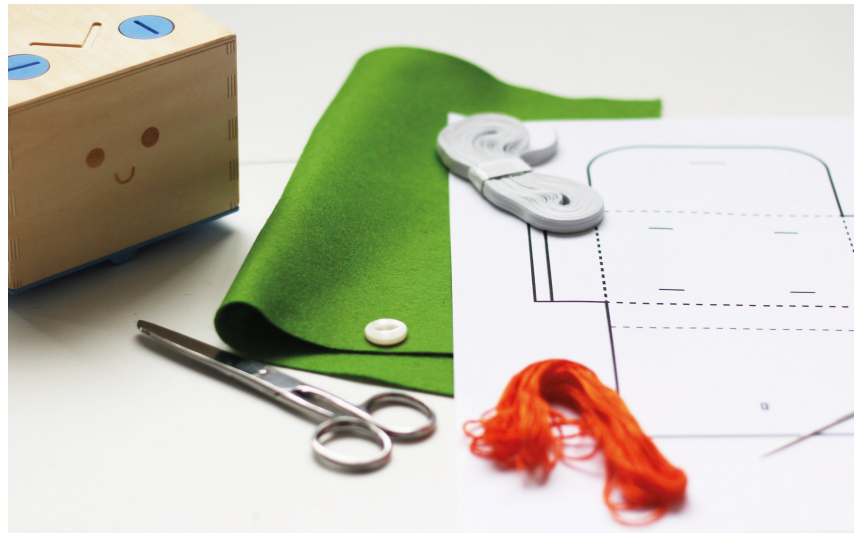

- A4 sheet of felt or stiff fabric
- Needle and thread, stapler, or craft glue
- Scissors
- Backpack Template
- Tape or pins
- Elastic bands, ribbon, or string
- Button (optional)

### Time

20 minutes

### Difficulty

Difficult

## Instructions

---

### Step 1

Download Backpack Template. Pin or tape to felt sheet and cut out along lines. Do not cut along dotted lines. Cut a buttonhole if you like.

### Step 2

Lay fabric flat. Fold along dotted lines. You can use an iron to make a crease if you like. If using a needle and thread, thread your needle and knot thread.

### Step 3

Sew along joining edges by going through the fabric, then on top back to your original side and repeating. This is called a whip stitch. If using staples or glue, close and seal along joining edges.

### Step 4

Continue until all edges are closed except along the flap. Sew a button on the spot marked X if using one.

### Step 5

Use a ribbon, string, elastic or rubber band to attach Cubetto's pack to his back. Now fill up with everything he needs to go on his next adventure!!
