

Dance around the Christmas tree.

Material

- Construction paper or wrapping paper
- Double sided tape, glue, or stapler
- Cone Template
- Scissors
- Pen or pencil
- Some of your favourite craft supplies

Time

10 minutes

Difficulty

Medium

Instructions

Step 1

Download and print out our Cone Template. Cut out the template and lay on your paper. Trace and cut out your cone.

Step 2

Now use a strip of double sided tape, glue, or staples along one of the straight edges. You can also draw decorations on your tree while it is laying flat.

Step 3

Curve the paper to make the two straight sides line up. Seal with the tape.

Step 4

Feel free to decorate your tree any way you like. When you are done, place the tree on your home map.

Step 5

Place Cubetto next to your tree. Write a program to make him dance in a circle around the tree. Whistle while he goes!
