

## Stack-up a Skyline for a City Adventure

### Material

- Shoe boxes
- Tupperware
- Small to medium boxes
- Vases or bottles

### Time

10 minutes

### Difficulty

Very easy

## Instructions

---

### Step 1

Lay out your Home Map or Urban Map.  
We're going to go on a scavenger hunt.

### Step 2

Look around your home or classroom.  
Find as many objects as you can to build  
your skyline.

### Step 3

Gather boxes, bottles, containers,  
frames, and whatever else you find that  
can be used as a skyscraper.

### Step 4

Arrange in groups around the map. Play  
with the height and shape to keep it  
interesting. Channel your inner architect!

### Step 5

Make sure to leave a road for Cubetto  
to travel. Take him journey through the  
city. Turn him into a cab to pick up his  
friends!!
