Basic Instructions:

1. Pick the colours of Polymer Clay you wish to use.
2. Wash hands with soap and water before and after using Polymer Clay. Start by choosing a colour and knead it in your hands until clay is warm and easy to work with.
3. Shape clay into your chosen design.
4. Put the finished shape into an oven and bake at 130*c (265*F) for 15 to 30 minutes. The baking period may vary depending on the size of the piece of clay used. Do not put any other accessories except the Polymer Clay into the oven.
5. After letting your creation cool down, use a piece of sandpaper to remove any rough areas. Finishing touches may be added with any water based paint.

TIP: Remember for jewellery making add a hole for the clasp, earring etc. before baking.
