

SDS for Baby Wipes

GHS SAFETY DATA SHEET

1. Identification

Product Name:	Baby Wipes
Synonyms:	Product Codes: MAR80W
Product Use:	Baby Wipe, skin/personal cleansing
Supplier	Firstar Australasia Pty. Ltd.
Address	6 Dalmore Drive, Scoresby Victoria 3179, Australia
General Information	+61.3.9763.4500
Emergency Contact Information.	+61.3.9763.4500

2. Hazards Identification

Emergency Overview
May cause eye irritation.
Classification (1999/45/EC)
Not Classified as a dangerous substance or preparation. Medicinal and cosmetic products in the finished form, intended for the final user are not subject to the Directive relating to the classification, packaging and labelling of dangerous preparations (1999/45/EC)
US OSHA Classification (29CFR1910.1200):
Not Hazardous
Canadian WHMIS Classification:
Not a controlled product
GHS Classification
Not Hazardous

3. Composition / Information on Ingredients

The ingredients in the product do not result in exposure to hazardous chemicals according to GHS.

As a Safety Data Sheet is not applicable, the following information about the ingredients may assist you.

- The liquid solution is > 98% pure water and is considered non-toxic should a baby put the wipe in their mouth.
- The wipes are composed of cellulose fibres (wood pulp) and polyester. Both materials have been in use for many years and are typically incorporated into most baby apparel. The materials are inert and are not believed to have any chemical or biological interaction with human skin.
- The wipes contain non-soap natural and synthetic ingredients designed to cleans the skin and to assist in the removal of organic matter. The synthetic ingredients are designed to be gentle and should not cause problems, even for those with sensitive skin. If you are at all concerned, we suggest trying a patch test using a wipe in a small area to check for sensitivity.
- The solution in the wipe contains no isopropyl alcohol, ethanol, methylchloroisothiazolinone (MCI), methylisothiazolinone, phthalates or parabens.
- To protect the product against bacterial growth a mild preservative is included in the liquid. The product is not sterile and no 'anti-bacterial' claim is made. Care should always be taken to store wipes in a cool place away from direct sunlight.

4. First Aid Measures

Inhalation: Inhalation is not an expected route of exposure. If respiratory irritation or distress occurs, move victim to fresh air. Seek medical advice if coughing, shortness of breath or other respiratory problems occur.

Skin Contact: This product is intended for use on the skin, seek medical advice if redness, swelling, itching or burning occurs

Eye Contact: Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes, seek medical attention if irritation persists.

Ingestion: Main concern is potential for a physical choking hazard. Call a physician or Poison control centre immediately, if victim is still conscious rinse mouth with a small amount of water. Drink 1 – 2 glasses of water, DO NOT give anything orally to an unconscious person.

5. Fire Fighting Measures

Extinguishing Media:	Dry Chemical, Carbon Dioxide, Alcohol Foam, Universal Foam or water spray. Avoid water jet as frothing is possible.
Personal Protective Equipment:	Use self contained breathing apparatus and full protective clothing.
Unusual Fire Fighting Procedures :	Product will burn under fire conditions.
Hazards from Combustion Products:	Carbon Dioxide, Carbon Monoxide
Hazchem Code:	Does not undergo explosive decomposition. Not assigned.

6. Accidental Release Measures

CAUTION: Remove all sources of ignition. Ventilate area. Pick up and place in a suitable container for use or disposal. Comply with all federal, state and local regulations

7. Handling and Storage

Handling:	No special handling requirements.
Storage:	Store in a cool place away from direct sunlight. Recommended storage temperature: 40°F- 100°F (5°C - 37°C)

8. Exposure Controls and Personal Protection

Ventilation:	No Special Ventilation Required
Respiratory Protection:	No Personal respiratory protective equipment required
Protective Gloves	Not required, product is intended for use on the skin
Eye Protection:	Not required for normal use
General:	For bulk processing, regular hand washing along with general body covering-clothing for safety

9. Physical and Chemical Properties

Appearance	White liquid with an odourless spun lace material
Odour	Odourless
Colour	White
pH	4.5-6.5
Vapour Pressure	N/A
Vapour Density	N/A
Boiling Point °C	93.3°C-104.4°C
Freezing Point °C	0
Melting Point	N/A
Solubility	Water Insoluble (wipe)

Specific Gravity	N/A
Flash Point	>93°C
Flammable Limits in Air (%)	N/A
Ignition Temperature	N/A

10. Stability and Reactivity

Chemical Stability	Stable
Conditions to Avoid:	Flames or Excessive Heat
Incompatible Materials:	Strong Oxidising agents
Hazardous Polymerization:	Will not occur

11. Toxicological Information

Ingestion (acute):	Not a likely route of exposure. May cause mucous membrane and gastrointestinal irritation and other adverse effects.
Eyes (acute):	Contact with eyes may cause irritation.
Skin (acute):	Prolonged use on skin may cause mild irritation in sensitive individuals. Patch testing does not indicate a potential for sensitisation in humans. Patch testing does not indicate a potential for dermal irritation in humans
Inhalation (acute):	Not an expected route of exposure.
Chronic Effects:	Prolonged use on skin may cause mild irritation in sensitive individuals
Medical conditions Aggravated by exposure:	None currently known, may aggravate skin conditions such as dermatitis or psoriasis
Carcinogenicity:	None of the components above is listed as a carcinogen by IARC, NTP, US OSHA or the European Directive (67/548/EEC)
Reproductive Toxicity:	No adverse effects are known
Acute Toxicity Values:	Products Oral LD50 (rat)>5000mg/kg Based on an assessment of the ingredients

12. Ecological Information

Not dangerous to the aquatic environment. Prevent used wipes from entering the storm water or sewer system.

13. Disposal Considerations

Disposal Methods	Dispose in accordance with all state, local and federal regulations. Do not dispose of wipes in toilet or allow wipes to enter drains or waterways.
-------------------------	---

14. Transport Information.

US DOT Shipping Description:	Not Regulated
IATA Shipping Description(Air):	Not Regulated
IMDG Shipping Description	
Subsidiary Risk (Vessel):	Not Regulated

15. Regulatory Information

US Regulations

EPA Toxic Substances Control Act (TSCA): All the components of the product are listed on the TSCA Inventory or exempted from the TSCA

SARA 302 Listed: None

SARA 311/312 Hazard: None

SARA 313 This product None

contains the following chemicals subject to annual release reporting requirements under SARA section 313 (40 CFR 372):
California Proposition 65:

This product does not contain chemical listed per the Safe Drinking Water and Toxic Enforcement Act of 1986

International Regulations:

Canadian CEPA: ALL THE COMPONENTS ARE EITHER LISTED ON OR EXEMPT FROM THE DOMESTIC SUBSTANCES LIST (DSL)

Canadian WHMIS Class: DRUGS AND COSMETICS ARE NOT SUBJECT TO THE HAZARDOUS PRODUCT ACT (WHMIS)

EU Labelling

Medicinal and cosmetic products in the finished form, intended for the final user are not subject to the Directive relating to the classification, packaging and labelling of dangerous preparations (1999/45/EC)

16. Other Information

Date of This Issue 01st February 2019

Date of Previous Issue: 08TH August 2014

Change Made: Update of existing SDS
