

The Christmas Cupboard

by Colin Thompson

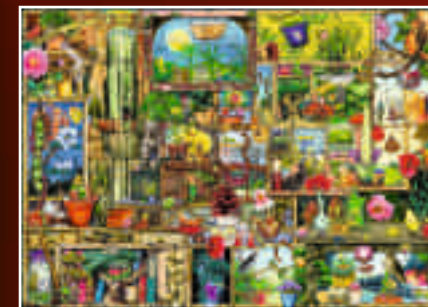

Open the doors of the Christmas Cupboard and reveal shelves stacked with books, baubles, toys, gifts and an amazing collection of vintage memorabilia including paper chains (remember those?), snow globes and black and white photographs. The book titles offer multi-lingual festive greetings and look more closely to discover bizarre characters, strange houses and glimpses into other worlds. Forget the stresses and strains of Christmas and enter the magical world of The Christmas Cupboard!

About the artist...

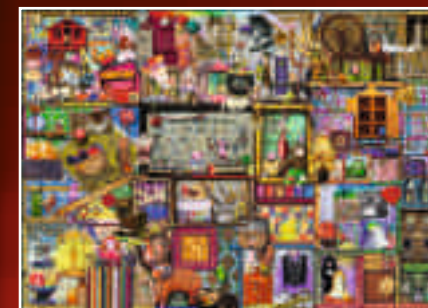

Born in London in 1942, Colin has lived in a variety of locations, including Mallorca, Great Bernera (in The Outer Hebrides), and for more than 25 years in a 300-year old farmhouse near Hadrian's Wall. In 1995 he moved to Australia where he now lives with his wife, two dogs and three ducks in a beautiful valley called The Promised Land. Best known as a writer and illustrator of children's books, Colin's first book was published in 1991, and he has had over 70 books published across the world since then. Colin's illustrations are full of fun, intrigue and parody, and are packed with objects and events, designed to keep you interested as you search through the puzzle pieces.

This is the fourth in a series of Curious Cupboards designed especially for Ravensburger Puzzles by British artist Colin Thompson.
